WORKING RELATIONALLY WITH TEAMS, ORGANISATIONS & SYSTEMS

A MASTERCLASS WITH DR SALLY DENHAM-VAUGHAN

This is an exclusive two-session deep-dive into the **Relational Organisational Gestalt (ROG)** model and its application in organisational work.

These sessions aim to support those who have recently completed an Introduction to Relational Organisational Gestalt (ROG) and want support to implement this new approach into their work.

This is an experiential and practical workshop that offers organisational consultants, leaders, and coaches with organisational experience the opportunity to discuss and practice the ROG models.

Sally will invite participants to offer 'case examples' and offer an exploration of organisational dynamics through the application of this relational way of the working with teams, organisations and systems.
